

NYIC s'Annual City Advocacy Day on Tuesday, April 13th

We are excited that many of you have already started planning for the **NYIC s'Annual City Advocacy Day on Tuesday, April 13th** and we look forward to your participation! We also want to share some important changes to this year s'City Advocacy Day that take into account the unprecedented mobilizing work your organizations have been doing and recognize that the fight for immigration reform will only intensify in the coming months- with actions planned for April 10th and May 1st.

The major change is that we will *not* have a huge march and rally like we have done in past years. However, we are still planning strong advocacy activities to showcase the city agenda we developed together. **We are also hoping to collect hundreds of postcards** over the coming two weeks to demonstrate the depth of support in our communities for housing protections, education reform, funding for immigrant services, affordable health care, parks, language access, small businesses and worker rights. **Please RSVP by Wednesday, April 7th.**

NEW Schedule of the Day:

9:00 am- 11:00 am **Legislative Breakfast, Woolworth Kitchen, 233 Broadway @ Barclay Street**

An opportunity for Executive Directors of NYIC member organizations to discuss our 2010 City budget & legislative priorities with elected officials and network with other immigrant community leaders. Please let us know the name of the representative from your organization that will attend the breakfast by Wednesday, April 7th.

11:15am- 12:00 pm **Rally & Press Conference, Steps of City Hall**

Community members and leaders from immigrant communities will have an opportunity to speak out and deliver hundreds of postcards in support of our city agenda.

12:00 pm- 4:00 pm **Legislative Visits, 250 Broadway and other locations**
